

AN INTRODUCTION TO
TOKEN

FLOW & EXCHANGE

As artists begin to become more popular, Fans will increase and more tokens will be spent. Fans continuously buy tokens to attend Events and buy Merch, Token value will then increase.

***1** : Normal Token Investor will sell/buy at Exchange

***2** : Only a small number of Fans can sell/buy tokens.

When artists begin to become popular Shining Coin exchange rate will increase and Fans receive a higher exchange rate to Tokens.

Fans can gain additional value through selling token to exchange.

***3** : OLE Platform can sell tokens directly to Fans using fiat currencies in the case where Fans do not have an Exchange account.

***4** : OLE Platform will exchange tokens <-> Shining Coin. Tokens will transfer back to the Platform.

***5** : Shining Coin can be spent on Ole-stars "Events" & "Merchandise".

***6** : Shining Coin will be transferred back to Ole-Stars Platform through Events and Merch.

***7** : If Ole-stars Platform does not have tokens to sell to Fans, the Platform will buy Through the Exchange.

Total Token sold : 60,000,000,000

Hard Cap: 840,000 ETH

approx. 100,000,000 USD as of 21/12/2018

1 Token = 0.000014 ETH

1 Token = 0.0018 USD

**Membership to the Ole-stars Platform
will be fixed on completion of
Development work**
